

Sliding-Scale Clinics

1-800-965-7476 * www.maine cahc.org

Advocating the right to quality, affordable health care for every man, woman, and child.

Who can get help at Sliding-Scale Clinics?

Maine's Sliding-Scale Clinics provide high quality, comprehensive primary and preventive health care. These clinics provide discounts based on household income. To find the Sliding-Scale Clinic closest to you, **find your county on this flyer and see if there is a clinic near you.**

To apply for the program, call the Sliding-Scale Clinic directly and ask about their program. Each clinic may have slightly different discount levels, so if the first place you call is not as helpful as you had hoped, give the next closest one a try.

Sometimes hospitals will also have information about other Sliding-Scale Clinics in their area, working with the hospital. If you don't find a clinic that works for you in this flyer, try calling your local hospital.
