Connecting Kids to Coverage: Covering Androscoggin County

Too many Maine children are living without health insurance, but together we can change that. As a trusted community member, you can connect eligible children and families in Androscoggin County to coverage through MaineCare.

How You Can Help!

1. IDENTIFY
   In your role, you may be able to identify uninsured children and families in your community.

2. CONNECT
   Next, you can share information with parents or caregivers about how eligible children can enroll in MaineCare free of cost.

3. REFER
   With the consent of a child’s parent/guardian, you can refer them to the closest navigator or assistor.

Connecting Kids to Coverage:
Covering Androscoggin County

CHILDREN UNDER AGE 19 WITHOUT HEALTH INSURANCE
BY NUMBERS 2015

Despite significant improvement in the rate of uninsured children across the country, the percentage of children living without health insurance in Maine has risen steadily and is now higher than the national rate.

14,635
Maine children go without health care coverage each year.

1,218
of these children live in Androscoggin County.

56.4%
or over 687 of the uninsured children in Androscoggin County are eligible for MaineCare.

Created by the Maine Children’s Alliance.
The Connecting Kids to Coverage project is supported by Funding Opportunity Number CMS-220-16-001 from the U.S. Department of Health & Human Services, Centers for Medicare & Medicaid Services.
